

Amendments to the Specification

In compliance with the outstanding Notification of Defective Response (mailed February 14, 2007), please enter into the present application the corrected Substitute Sequence Listing being submitted herewith via EFS-Web. The corrected Substitute Sequence Listing is being submitted to replace the current Sequence Listing (previously submitted on November 22, 2006) and to correct the errors indicated in the Raw Sequence Listing Error Report (prepared by the STIC Biotechnology Systems Branch on November 28, 2006) that accompanied the Notification of Defective Response. In particular, the corrected Substitute Sequence Listing is being submitted to correct misaligned amino acid numbering and to delete inappropriate tab codes. No new matter is being introduced by way of these amendments.
